### Report of Principal and School Improvement Council

Northwest Middle School is a school dedicated to the empowerment of students through innovative learning experiences. The student population of Northwest is a highly diverse mix of cultural, socio-economic, and ethnic groups drawn from the largest geographic area of any school in Greenville County. Northwest Middle School is an authorized International Baccalaureate Middle Years Program school that serves all students. Professional development of our staff is a priority at Northwest, and our teachers have attended state and national conferences such as the South Carolina Middle School Association Conference, the South Carolina Mathematics Conference, and the National Teachers of English Conference. Core curriculum teachers have attended the first annual Greenville County International Baccalaureate Roundtable meetings during 2007-2008. Foreign language teachers have attended the local IB Foreign Language Seminar. Teacher training also included teachers attending IB training in Houston, Texas for Arts, Technology, Mathematics, and Physical Education.

Classroom teachers use Measures of Academic Progress (MAP) and PACT data to help target student learning. The Compass Learning Program is utilized in our after-school program to assist teachers in targeting instruction in order to increase student achievement. The principal and the SIC have created several incentive programs aimed at improving academic achievement in the PACT After School Program and have begun a pilot program for students needing extra help in Math called "Math Mates." Through the use of a math Teacher-Specialist-on-Site, a science iCoach, and an Instructional Coach, teachers have received in-depth, specific curriculum training in methodology and pedagogy. The content-specific math and science coaching is a result of data showing the need to increase test scores in these areas due to flat line improvement scores. As a result, good progress has been seen in the math scores of Northwest students.

A number of members of the Northwest faculty have earned reputations as excellent classroom teachers. In six of the last seven years, the teacher of the year for Northwest was also one of the top ten teachers for the district. This speaks very highly of our faculty, and we are challenged to continue this level of classroom teaching. For our part, the SIC and teachers of Northwest will continue, as in past years, to support increased content coaching for our teachers and the development of innovative student incentive programs. We will continue to place emphasis on aligning our instruction to IB objectives and the state standards. As a result, our students will benefit academically.

The communities of Travelers Rest, Marietta, and Slater continue to support the mission and vision of Northwest Middle School. These communities have benefited from over 3100 community service hours provided through the encouragement of the IB program and the BETA Club. Our students are involved in our community organizations, churches, and service groups and are making a difference for the residents of northern Greenville County. GO PANTHERS!
